Product Profile - Feed

Important:

In order for this form to properly import into the PCO certification system, please save a copy of this form to your desktop and fill out via Acrobat Reader or Preview (Mac).

Please DO NOT fill out this form in your internet browser (e.g. Internet Explorer, Firefox, Safari) as this will cause your data to be lost.

When sending to PCO, please DO NOT "Print to PDF" as this renders an unreadable form. Please simply "save" the PDF document and send this document to PCO.

SECTION 1 - General Information

Today's Date:

Last Revised Date:

PCO Certified Company: _____

Food / Prouct Name: _____

Brands:

***Use a separate product profile for each organic feed product for which you are requesting certification.**

Section numbers refer to National Organic Program regulations (7 CFR 205).

SECTION 2 - Product Composition §205.301(e)

2.1 This product will be sold, labeled or represented as (check one):

"100% Organic"—Must contain (by weight or fluid volume, excluding water and salt) 100% organically produced raw or processed agricultural product.

"Organic"—A raw or processed livestock feed product sold, labeled or represented as "organic" must be produced in conformance with section 205.237 and may contain feed additives and supplements allowed under that section.

SECTION 3 - Ingredients

I verify that feed, feed additives, and/or feed supplements in this mix are not used in violation of the Federal Food, Drug, and Cosmetic Act. (§205.237(b)(6))

Complete the information for ALL ingredients contained in this product. Attach additional sheets if necessary.

Note that you are required to enclose a copy of the current organic certificate for all agricultural ingredients in new products; new ingredients in previously certified products; and ingredients for which you have a new supplier.

Submit a GMO status statement or equivalent for non-organic ingredients allowed on the National list (i.e. yeast), if applicable. Submitting labels for non-agricultural ingredients will help expedite the review of the feed mix.

Table 3.1 Standard Feed Mix Formulation

Complete this table to detail the mix formula if this Organic Product Profile is for a standard, unchanging feed mix that you produce. Include all ingredients (agricultural and non-agricultural).

SECTION 4 - Export Requirements §205.300

- 4.1 Do you intend to export any of your organic products to Japan? Yes No
- 4.2 Do you intend to export any of your organic products to Taiwan? Yes No
- 4.3 Do you intend to export any of your organic products to Canada? Yes No
- 4.4 Do you intend to export any of your organic products to the European Union? Yes No

If **yes**, your organic practices must be verified to additional standards or requirements (beyond USDA's National Organic Standards). PCO will supply you with the required forms.

Additional labeling requirements may also apply (see Section 5 below).

SECTION 5 - Labeling §§205.303, 205.304, 205.305, 205.307(c)

Include a copy of all labels used for this product with this form.

Labels must identify Pennsylvania Certified Organic as the certifying agent.

- 5.1 Do you use or plan to use the PCO logo on the label? Yes No

5.2 Do you intend to use the USDA seal on the label? Yes No
If **yes**, do you intend to use the black and white version or color version?
 B & W
 Color

5.3 Do your labels comply with other Federal agency or State feed labeling requirements as applicable as required at §205.306(b)(ii)? Yes No

5.4 Is this product produced for export? Yes No
If **yes**, are nonretail shipping containers and shipping documents accompanying this product clearly marked “For Export Only”? Yes No
If **yes**, do you maintain proof of such container marking and export? Yes No

SECTION 6 - Required Attachments

Required attachments: these records must be returned with your product profile or it may be returned to you resulting in a delay of the certification process.

All labels used for this product. Originals are preferred. Legible copies are acceptable.

Copies of current, valid certificates for all organic ingredients. Organic ingredients must be certified to the USDA National Organic Program regulations.

GMO status statement or equivalent for non-organic ingredients allowed on the National List (i.e. yeast), if applicable. Forms are available from PCO.
